SUMMARY

Highly motivated and enthusiastic individual with a strong interest in IT and cybersecurity.

Interested in hardware upgrades, and software troubleshooting. Adept at problem-solving and delivering excellent service.

Committed to learning and finalising certifications such as CompTIA Security+. Seeking an entry-level IT position to leverage my skills and contribute to a dynamic team.

Hardworking and goal orientated, focused on achieving targets.

Experience

Candidate Property Practitioner

RE/MAX | Roodepoort | May 2025 - Current

Current

Candidate Property Practitioner

RE/MAX Town & Country | Roodepoort, South Africa

- Assisting a senior Property Practitioner with property administration and client support.
- Coordinating and attending property viewings.
- Interviewing clients to understand their property needs and matching them with suitable properties.

- Generating lists of properties for sale based on clients' requirements.
- Assisting with property marketing, including social media, online listings, and coordinating photographers and home staging.

Website Content Editor (Temp)

Mozambique Tourism | Jan 2025 - Current

- As a Website Content Editor, I was responsible for managing and updating web content to ensure accuracy, consistency, and user engagement. My role involved working within a content management system (CMS) to upload, format, and optimize text, images. I ensured that all content adhered to brand guidelines, was SEO-friendly, and aligned with overall digital strategy.

Real Estate Agent

Century 21 | Roodepoort, South Africa | Mar 2023 - Apr 2025

- Generated lists of for-sale properties.
- Interviewed clients to understand their property needs and preferences, which helped me generate lists of for-sale properties that matched their criteria.
- Implemented targeted marketing campaigns to promote properties, utilising social media and digital platforms.
- Collaborated with photographers and stagers to present properties in the best possible light.
- Managed property listings on various platforms, ensuring accurate and enticing descriptions.

Cyber security (Intern)

Cyber Falconer | Jun 2024 - Dec 2024

- In my professional journey as an intern at CyberFalconer, I have had the opportunity to prioritise building effective relationships with colleagues and clients, while navigating corporate culture and expectations. This foundation has been essential for developing my skills in identifying client needs and presenting solutions, which focus on the key aspects of sales, pre-sales, and cybersecurity products.
- Exposure to the design team provided me with opportunities to collaborate on website design and optimisation, understand the principles of digital transformation, and participate in projects to enhance user experience, and product offerings.
